Apologies, I went for a long run this morning. I'm getting home now — would you like me to join this call for note taking purposes/support?

All.

I've done numerous calls all across the weekend for new biz as well as from the ER On my own which I've put no one else on.

This was a very simple request pre my call in 30 minutes.

Having no one answer is pretty unacceptable

I am doing myself

Plz answer when I email this group

Thanks
